CF RFA	Rafai		Airport;	Code adopted by IATA or ECLAC	
CF SIB	Sibut		Postal exchange office;	Code adopted by IATA or ECLAC	
CF TOG	Togo		Port; Rail terminal; Road terminal; Airport;	Recognised location	0530N 02143E

¹This column contains the geographical coordinates (latitude/longitude) of the location, if there is any. In order to avoid unnecessary use of non-standard characters and space, the following standard presentation is used:

0000*lat* **00000***long* (*lat* - Latitude: N or S ; *long* – Longitude: W or E, only one digit, capital letter)

Where the last two rightmost digits refer to minutes and the first two or three digits refer to the degrees for latitude and longitude respectively. In addition, you must specify N or S for latitude and W or E for longitude, as appropriate.
